BUCHANAN IS RESCUED

State Militia Saves Him from a Mob at Henderson.

WAS TAKEN TO RUSK

The Infuriated Crowd Making its Way to Henderson from Nacogdoches Reaches There After the Prisoner Was Removed.

Henderson, Tex., Oct. 16.—Special train bearing three companies of militia arrived here at 4:30 o'clock this morning, formed a square and with Jim Buchanan, the murderer of the Hicks family in the center, marched to a train, which at once pulled out for the East Texas penitentiary at Rusk where the negro will be landed.

The mob at the jail fell back when the prisoner was taken out and made no opposition to soldiers who numbered about 2 to 1. It was feared some man with a rifle might attempt to pick off Buchanan as he passed, but precautions were taken to prevent this.

The Nacogdoches crowd did not arrive in time. The sheriff who was with them, traveling very slowly in order to prevent them getting here. Practically the crowd had him under guard to prevent any more escapes if he should take the negro in charge again.

Governor Sayers will not permit the negro to be taken to Nacogdoches for trial except under military guard. The trial is set for next Thursday, the indictments being for criminal assault and three cases of murder in the first degree.

GUARDED BY TROOPS.

The Cry of Vengeance Against Buchanan Who Murdered the Hicks.

Henderson, Tex., Oct. 16.—The negro Jim Buchanan, charged with the murder of the Hicks family in Nacogdoches county, was lodged in jail here Wednesday evening. There is great excitement in town and over a hundred citizens were at the jail. Telephone messages were received from parties in Nacogdoches that a mob was now en route to Henderson to take the negro.

At 1:30 o'clock this morning the negro is still in jail guarded by a company of militia and the sheriff and deputies. No effort has been made to take the prisoner away from them tonight.

Word has been received here that a large crowd is coming across country from Nacogdoches, forty-two miles away, and they are expected to arrive here between 4 and 5 o'clock this morning.

Dispatches have also been received here that three more companies of militia are en route here by special trains and they are expected to arrive any moment.

The excitement of the early part of last night has subsided.

More Troops Coming.

Henderson, Tex., Oct. 16, 3 a. m.—A train bearing two companies of state troops has left Overton and is due to arrive here within a few minutes. The town is absolutely quiet and there are no indications of a mob. The sheriff of Nacogdoches, together with a crowd of citizens from that town, is expected to arrive here about daylight. The body of troops is considered ample in number to protect the negro against any mob.

Parliament in Session.

London, Oct. 16.—Parliament was reopened today without any of the usual formalities. The house proceeded immediately to business of the day. Owing to the controversial character of the education bill and the unbending determination of both sides the session promises to be an occasion of the most serious party struggle witnessed in the house of commons since the last Liberal government retired from office. During the exciting scene in the house of commons Premier Balfour moved the suspension of John O'Donnell, Irish Nationalist, and the latter crossed the floor, stood in front of Balfour, shouted defiance, and shook his fist in the premier's face. O'Donnell was suspended.

Irish Editor Sentenced.

Sligo, Ireland, Oct. 16.—P. A. McHugh, M. P., editor of the Sligo Champion, has been sentenced to two months imprisonment at hard labor after having been convicted of conspiracy and intimidation.

Henderson Withdraws.

Paris, Oct. 16.—Travis Henderson, has withdrawn from the congressional race to succeed the late Congressman Sheppard. The friends of Col. J. G. Dudley will announce him as a candidate.

Hand Lost in a Gin.

Terrell, Tex., Oct. 16.—Will Youngman lost his left hand cleaning gin saws at Gleghorn gin at Colquitt.

GREAT SATISFACTION.

People in Anthracite Region Rejoicing Over Peace Prospects.

Wilkesbarre, Oct. 16.—The information from Washington that both parties to the controversy in the anthracite coal strike had reached an agreement to arbitrate and that the great conflict was about to close was received throughout the entire hard coal region with the greatest satisfaction. Strikers as a rule, however, following the example of their leader, were not disposed to prematurely celebrate the outcome of the long struggle. Their reward for the fight they made is yet to come in the findings of the arbitration commission, assuming the miners officially endorse the agreement.

There seems little doubt that the joint meeting of the executive boards of the three anthracite districts will call a convention of the miners to consider the arbitration proposition, and have the men return to work. There is belief that a general resumption of the coal mining will be had by Monday. District presidents do not share in this belief, and some of them are opposed to pushing matters. The convention could not be held before Saturday, and they feel one day is not enough to organize that body and permit of the full discussion of the proposition that is of greatest importance to the miners.

President Mitchell issued the following statement regarding the plan for the settlement of the strike:

"Appreciating the anxiety and impatience of the public and mine workers for some authoritative statement from this office, I issue this bulletin to say that I was unalterably opposed to approval of, or acquiescence in the form of settlement proposed by the coal operators, because it restricted the president of the United States in making selection of the men who were to determine questions involved in the coal strike. These restrictions having been removed and representation given to organized labor as well as to organized capital, I am now prepared to give my personal approval to the settlement of issues involved in this strike by a commission selected by the president and shall recommend to executive officers of districts No. 1, 7 and 9, that an immediate call be issued for a convention whose authorization is necessary to declare the strike at an end. In the meantime I trust the people of our country will be as patient as possible as we are moving as rapidly as the interests of our people will permit."

The three district boards went into secret session at 2 o'clock. According to an officer high in the councils of the union it is probable the convention will be called for Monday, although there is probability that Saturday may be the day.

Stabbed Several Times.

Imbia, Tex., Oct. 16.—Harris Witherspoon, 17 years of age, was killed here with a knife, being stabbed four or five times. It is not known positively who his slayer was, and no arrests have been made. The tragedy occurred a short distance from the schoolhouse, just after the closing of an entertainment which young Witherspoon had attended.

RESTAURANT COMBINE.

Leading Houses in Chicago May Go Under One Management.

Chicago, Oct. 16.—Chicago is to have a restaurant trust capitalized at \$5,000,000 if the plans of certain promoters are carried out. All the large restaurants of the city, it is contemplated, are to be drawn under one central management, the head of each establishment, however, to retain the direction of his own place.

A large grocery house, bakeries, a central meat market and storage warehouse, from which all the cafes will draw their supplies at wholesale rates, is one feature of the combination scheme. In this way, it is held, a saving of from 5 to 20 per cent can be made direct on the \$1,200,000 the several leading restaurants of the city spend annually for supplies.

THE CENTRAL TEXAS FAIR.

Farmers' and Ex-Confederates Day Was a Big Success—Business Houses Closed—Good Races.

The third day of the fair, "Farmers' and ex-Confederates' Day," brought out large crowds of the sun tanned soldiers of the field and veterans of the war, many of whom belong to both classes and were doubly welcome. They enjoyed the exhibits and some of them were contributors to the display. They sized up the white tents of the regulars and the bristling cannon and talked about the days of '61 to '65, and in the afternoon, watching the skillful maneuvers and hearing the detonations from the guns, one could read in their faces the story of deathless days.

The stock parade brought out numerous entries and was a feature of marked interest, indicating as it did the evident determination of the owners of this section to keep abreast of other parts in the improvement of stock. Much of this interest has been stimulated and strengthened by the Central Texas fair movement.

The stores closed in the afternoon to give everybody a chance to attend the races and the grand stand was packed with people all the afternoon.

THE RACES.

First race, running, half mile heats: Tom Moore won, Ardago second, Beatrice third. Time: 52 seconds.

Second race, pace, half mile heats: Grey Fox won, Frank Chancey second, Belle third. Time: 1:15.

Third race, running, three-eighths mile dash, 2-year-olds:

Johnnie Astin won, Jim Moore second, Convention third. Time: 40 seconds.

Fourth race, novelty running, premium for lead horse at each quarter: Billy Patterson won all four premiums, Belle Ashlyn broke her leg at second quarter.

Mule race, running, half mile dash: Mike won, Goober and Dolly dead heat for second place.

A dear little boy attended school last winter and, on one occasion when visitors were announced, took part in exercises in their honor. The exercises comprised recitations by the brighter children and among them this dear little boy was called on. He recited in perfect good faith the following, which he had learned or caught from an indulgent nurse, with semi-political instinct:

Jane ate cake and Jane ate jelly, Jane went to bed with a pain in her—

Now don't get excited, Don't be misled, For what Jane had was a pain in her head.

FINE RIDERS IN THE CAVALRY.

The ex-members of the Sixth U. S. Cavalry who are with Buffalo Bill's Wild West show such daring and skillful bareback riding, is equaled by but few "star" circus performers. In fact, they do all

of what is technically known as "the jockey act" and very much more, not upon trained easy going, moderately paced horses in a ring, but on spirited, half wild steeds, going at a furious gallop over an open field. The Sixth has become famous for the equestrian training of its men. The Wild West will be with us soon, and the great mil-

itary drills of the foreign bodies of soldiers, the battle scenes, the bucking horses, Indian war dances and all the other well known features will be seen. A grand mounted street parade will go over the principal streets of the city here on the morning of the engagement.

Please report your visitors' names and places of residence to the Eagle, phone No. 36. 269

The 4th Infantry band, members of Milam Lodge No. 2, A. O. U. W. of San Antonio, was entertained last night at the K. of P. hall by Vulean lodge No. 37, of this city. Refreshments were served and a short address was made by Chief Musician N. B. Lundgren of San Antonio, in which he gave a vivid account of his experience in the Spanish-American war. Short talks were also made by Grand Recorder J. B. Reed, M. Nagle, Lamar Bethea, R. J. Deens, J. G. Minkert and Joe Pletzer of this city. The members of the band furnished the assembly with some excellent music.

The infant of Mr. and Mrs. Jno. T. Hines had its skull fractured by a fall yesterday. An operation was performed lifting the skull from the brain, and the babe was doing as well as could be expected when last heard from.

The New Mineral Water

HEPTOL SPLITS IS "IT."

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. That is what

Heptol Splits

are for.

GENTLE IN ACTION.

GRATIFYING IN RESULTS.

DELICIOUSLY PALATABLE.

HOME SOLD.

Confederate Veterans Purchased the Old Residence.

Jefferson, Miss., Oct. 16.—The formal sale and transfer of Beauvoir, the home of Jefferson Davis, by Mrs. Davis to the Sons of Confederate Veterans was consummated Wednesday at the opening session of the reunion of the Mississippi division Sons of Confederate Veterans.

The home will be used as a home for indigent Confederate veterans. Mrs. Davis received \$10,000 for the home.

Gov. Jefferson Davis of Arkansas, in an address upon "Jefferson Davis, President of the Confederacy," paid a glorious tribute to the dead chieftain.

Mexico Will Pay the Claim.

City of Mexico, Oct. 16.—Ygnacio Mariscal, minister of foreign relations of the Mexican government, when seen by a correspondent of the Associated Press and asked for the opinion of the Mexican government in regard to The Hague award on the Pius fund claim, said that it would be undignified on the part of the government to express an opinion.

"All that I can say," added Senor Mariscal, "is that Mexico, as is her duty and according to her promise, accepts and will abide by the award, and though the protocol with the United States entitles us as the losers to ask for a revision, we will waive that right."

Killed at a Dance.

Gonzales, Tex., Oct. 16.—A Mexican was shot and killed Saturday night on J. B. Tyree's farm, nine miles from Wrightsborough. The killing occurred at a dance.

When Sheriff Fly arrived upon the scene he found about twenty Mexicans grouped around the dead man and no one could tell anything about it. In the course of time two Mexicans acknowledged to have witnessed the killing. They stated that a young Mexican had shot Antonio Salazar with a pistol, the wound proving fatal. A warrant was issued for Frederico Martinez, but he has not yet been captured.

Killed With an Ax.

Vinita, I. T., Oct. 16.—Charles B. Rhodes, deputy United States marshal, has brought to this place for safe keeping Mrs. Caroline C. Barron on a charge of murdering her husband, Calvin C. Barron, last Saturday night near Westville, I. T. The Barron family were traveling through the country bound for Texas and were camped near the Shiloh school house in the country from Westville and some time during the night a deep gash was cut with an ax in the forehead of the sleeping man and also several deep gashes in the side and back of his head. Little can be learned regarding the family.

To Reduce the Army.

Washington, Oct. 16.—Orders will be issued by the war department ordering that the regular army be reduced to the minimum size authorized by law, 59,500. With the practical cessation of outbreaks in the Philippines, it is believed that this can be done safely. The present size of the army is about 67,000 men. The cavalry and artillery regiments will be reduced to the minimum basis, except around Fort Leavenworth, where the commands will be kept at full size for educational reasons.

STRIKE IS SETTLED

Mitchell Agrees to Arbitrate With the Operators.

COMMISSION IS NAMED

Three More Were Added to the Original Proposition Made by Morgan With the Consent of Both. Miners Will Accept.

Washington, Oct. 16.—The great anthracite coal strike has been settled. A commission of six persons, with a seventh, Carroll D. Wright as recorder, will adjust the differences between operators and miners. President Mitchell of the United Mine union will take the necessary measures to call the strike off. The president will urge immediate resumption of mining, and operations are expected to begin early next week.

The announcement that the great strike was off was made by Secretary Root with exuberant good humor at the White House. Organized labor has a representative on the commission in the person of E. E. Clark, grand chief of the Order of Railway Conductors. The president then added Bishop Spalding of Illinois to the list of five members suggested by the operators. As named, the commission is perfectly satisfactory to both miners and operators. Assent of the miners was given through President Mitchell and Mr. Sargent, commissioner of immigration, and of the operators through Messrs. Robert Bacon and George W. Perkins, of the banking firm of J. P. Morgan & Co.

The following official statement announcing the close of the strike was issued at the White House at 2:20 o'clock this morning:

"After a conference with Mr. Mitchell and some further conferences with representatives of coal operators, the president has appointed the commission to inquire into, consider and pass upon all questions at issue between the operators and miners in the anthracite coal fields."

The commission is as follows:

Brig. Gen. John M. Wilson, United States army, retired, late chief of engineers United States army, Washington, D. C., as an officer of the engineer corps of either the military or naval service of the United States.

E. W. Parker, Washington, D. C., as an expert mining engineer. Mr. Parker is chief statistician of the coal division of the United States geological survey and the editor of the Engineering and Mining Journal of New York.

Hon. Geo. Gray, Wilmington, Del., as a judge of a United States court.

E. E. Clark, Cedar Rapids, Iowa, grand chief of the Order of Railway Conductors, as a sociologist, the president assuming that for the purpose of such a commission the term sociologist means a man who has studied deeply on social questions and has practically applied his knowledge.

Thomas Watkins, Scranton, Pa., as a man practically acquainted with the mining and selling of coal.

Bishop John L. Spalding of Peoria, Ill., the president adding Bishop Spalding's name to the commission.

Hon. Carroll D. Wright has been appointed recorder of the commission.

President Mitchell will call a meeting of the executive committee and the strike will be called off.

MITCHELL INTERVIEWED.

Says Proposition Will Be Placed Before the Executive Committee.

Wilkesbarre, Pa., Oct. 16.—President Mitchell arrived here from Washington at 1:35 o'clock this morning. He was met at the railroad station by National Secretary Wilson. The Associated Press bulletins of the outcome of the Washington conference, that the strike was settled, were read to him while he was surrounded by a small army of newspaper men. He was immediately congratulated, and replying to a request for a statement said:

"Your congratulations should be withheld until we see who the six representatives on the committee are. I understood before I left Washington that there would be a sixth man, and that he would represent labor. The whole matter will be placed before the joint meeting of the three executive bodies of the anthracite region at their meeting at 10 o'clock this morning. I will wait until I see the full statement issued by Mr. Cortelyou."

In reply to the question whether he would comply with the president's request that coal mining be resumed immediately, he said he would make a more definite answer when he knew more about the matter.

There is not doubt but that the miners will accept the terms of settlement if Mitchell so advises.

Will Not Work Overtime.

Berlin, Oct. 16.—The central committee of the German Coal Miners' association has sent \$1125 to the American striking coal miners and has issued directions to the members of the association not to work extra time with the object of increasing the supply of coal for export.

John Momarek of Tyndall, S. D., shot Anna Vachtea and then committed suicide. It is said he shot the girl because she had jilted him.
